

Rust Preventives

Short Term Rust Preventive

Part # A612

Stoner A612 Rust Preventive provides protection from moisture and oxidation. A612 leaves a thin film on exposed metal to seal out dampness and prevent rust and corrosion. Ideal for plastic and rubber molds. Great for overnight or weekend duty. In many applications, A612 works off during start-up and requires no cleaning.

*Ideal for
Overnight
or
Weekend
Rust
Protection*

Benefits & Specifications:

- Ideal for overnight and weekend rust protection for molds and tooling.
- Contains no silicone.
- Contains no Class I or Class II ozone depleting substances.
- Contains no CFC or HCFC propellants or solvents.
- Contains no chlorinated sovents such as 1,1,1 trichloroethane or methylene chloride.
- 12-can case of 10 oz. aerosols.

Quantity Discounts A612	
Number of Cases	Price
