

# Silicone Mold Releases

## Dry Mist Silicone Mold Release

### Part # E202

Stoner E202 is specially formulated as a release agent and anti-stick lubricant for molded materials such as plastics, rubber, waxes, and similar materials. Produces a very light, dry mist coating which reduces over-application and build-up on molds. Ideal when minimal release agent is required. Provides fast, easy part removal from molds and multiple part releases per application. Improves molding efficiency in many processes including injection, compression, transfer, vacuum form, pour cast, die cast and extrusion molding.

**Lightest Silicone Content Offered**

### Benefits & Specifications:

- Saves time by allowing molded parts to be removed quickly and easily from molds.
- Improves part appearance and reduces defects caused by sticking.
- Formulated to provide high levels of user and environmental safety.
- Contains no Class I or Class II ozone depleting substances.
- Contains no chlorofluorocarbon (CFC) or hydrochlorofluorocarbon (HCFC) propellants or solvents.
- Contains no chlorinated solvents such as 1,1,1 trichloroethane or methylene chloride.
- The silicone in E202 meets FDA regulation 21 CFR 181.28 as a release agent in the manufacture of food contacting materials.
- Colorless and non-staining.
- 12-can case of 12 oz. aerosols.

Quantity Discounts E202	
Number of Cases	Price
1 - 5 Cases	\$64.70
6 - 24 Cases	\$58.88
25+ Cases	\$53.05
We accept blanket orders for monthly, quarterly or annual usage.	

## Light Duty Silicone Mold Release

### Part # E204

Stoner E204 is specially formulated as a release agent and anti-stick lubricant for molded materials such as plastics, rubber, waxes, and similar materials. Produces a light, dry mist coating which reduces over-application and build-up on molds. Ideal when minimal release agent is required. Provides fast, easy part removal from molds and multiple part releases per application. Improves molding efficiency in many processes including injection, compression, transfer, vacuum form, pour cast, die cast and extrusion molding.

**Less Silicone Content than our All-Purpose Release**

### Benefits & Specifications:

- Saves time by allowing molded parts to be removed quickly and easily from molds.
- Improves part appearance and reduces defects caused by sticking.
- Formulated to provide high levels of user and environmental safety.
- Contains no Class I or Class II ozone depleting substances.
- Contains no chlorofluorocarbon (CFC) or hydrochlorofluorocarbon (HCFC) propellants or solvents.
- Contains no chlorinated solvents such as 1,1,1 trichloroethane or methylene chloride.
- The silicone in E204 meets FDA regulation 21 CFR 181.28 as a release agent in the manufacture of food contacting materials.
- Colorless and non-staining.
- 12-can case of 12 oz. aerosols.

Quantity Discounts E204	
Number of Cases	Price
1 - 5 Cases	\$64.70
6 - 24 Cases	\$58.88
25+ Cases	\$53.05
We accept blanket orders for monthly, quarterly or annual usage.	

# Silicone Mold Releases

## Silicone Mold Release

### Part # E206

Stoner E206 is specially formulated as a release agent and anti-stick lubricant for molded materials such as plastics, rubber, waxes, and similar materials. Provides fast, easy part removal from molds and multiple part releases per application. Improves molding efficiency in many processes including injection, compression, transfer, vacuum form, pour cast, die cast and extrusion molding.

**Our Most  
Popular  
All-Purpose  
Silicone  
Release**

### Benefits & Specifications:

- Saves time by allowing molded parts to be removed quickly and easily from molds.
- Improves part appearance and reduces defects caused by sticking.
- Formulated to provide high levels of user and environmental safety.
- Contains no Class I or Class II ozone depleting substances.
- Contains no chlorofluorocarbon (CFC) or hydrochlorofluorocarbon (HCFC) propellants or solvents.
- Contains no chlorinated solvents such as 1,1,1 trichloroethane or methylene chloride.
- The silicone in E206 meets FDA regulation 21 CFR 181.28 as a release agent in the manufacture of food contacting materials.
- Colorless and non-staining.
- 12-can case of 12 oz. aerosols.

Quantity Discounts E206	
Number of Cases	Price
1 - 5 Cases	\$60.20
6 - 24 Cases	\$54.78
25+ Cases	\$49.36

We accept blanket orders for monthly, quarterly or annual usage.

## Heavy Duty Silicone Mold Release

### Part # E208

Stoner E208 is specially formulated as a release agent and anti-stick lubricant for molded materials such as plastics, rubber, waxes, and similar materials. This product gives excellent silicone coverage and is useful when molding parts which are large, intricate, or otherwise difficult to release. Provides fast, easy part removal from molds and multiple part releases per application. Improves molding efficiency in many processes including injection, compression, transfer, vacuum form, pour cast, die cast and extrusion molding.

**More Silicone  
Content than our  
All-Purpose  
Release**

### Benefits & Specifications:

- Saves time by allowing molded parts to be removed quickly and easily from molds.
- Improves part appearance and reduces defects caused by sticking.
- Formulated to provide high levels of user and environmental safety.
- Contains no Class I or Class II ozone depleting substances.
- Contains no chlorofluorocarbon (CFC) or hydrochlorofluorocarbon (HCFC) propellants or solvents.
- Contains no chlorinated solvents such as 1,1,1 trichloroethane or methylene chloride.
- The silicone in E208 meets FDA regulation 21 CFR 181.28 as a release agent in the manufacture of food contacting materials.
- Colorless and non-staining.
- 12-can case of 12 oz. aerosols.

Quantity Discounts E208	
Number of Cases	Price
1 - 5 Cases	\$67.00
6 - 24 Cases	\$60.97
25+ Cases	\$46.33

We accept blanket orders for monthly, quarterly or annual usage.

# Silicone Mold Releases

## Extra Heavy Duty Silicone Mold Release

### Part # E218

Stoner E218 is specially formulated as a release agent and anti-stick lubricant for molded materials such as plastics, rubber, waxes, and similar materials. This product gives excellent silicone coverage and is useful when molding parts which are large, intricate, or otherwise difficult to release. Provides fast, easy part removal from molds and multiple part releases per application. Improves molding efficiency in many processes including injection, compression, transfer, vacuum form, pour cast, die cast and extrusion molding.

**Heaviest Silicone Content Offered**

### Benefits & Specifications:

- Saves time by allowing molded parts to be removed quickly and easily from molds.
- Improves part appearance and reduces defects caused by sticking.
- Formulated to provide high levels of user and environmental safety.
- Contains no Class I or Class II ozone depleting substances.
- Contains no chlorofluorocarbon (CFC) or hydrochlorofluorocarbon (HCFC) propellants or solvents.
- Contains no chlorinated solvents such as 1,1,1 trichloroethane or methylene chloride.
- The silicone in E218 meets FDA regulation 21 CFR 181.28 as a release agent in the manufacture of food contacting materials.
- Colorless and non-staining.
- 12-can case of 12 oz. aerosols.

Quantity Discounts E218	
Number of Cases	Price
1 - 5 Cases	\$69.70
6 - 24 Cases	\$63.43
25+ Cases	\$57.15
We accept blanket orders for monthly, quarterly or annual usage.	

## Urethane Mold Release

### Part # E236

Stoner E236 is specially formulated as a release agent and anti-stick lubricant for molded urethanes and similar materials. Provides fast, easy part removal from molds and multiple part releases per application. Improves molding efficiency in many processes including injection, pour cast, and extrusion molding.

**Specially Formulated for Urethane Molders**

### Benefits & Specifications:

- Saves time by allowing molded parts to be removed quickly and easily from molds.
- Improves part appearance and reduces defects caused by sticking.
- Formulated to provide high levels of user and environmental safety.
- Contains no Class I or Class II ozone depleting substances.
- Contains no chlorofluorocarbon (CFC) or hydrochlorofluorocarbon (HCFC) propellants or solvents.
- Contains no chlorinated solvents such as 1,1,1 trichloroethane or methylene chloride.
- The silicone in E236 meets FDA regulation 21 CFR 181.28 as a release agent in the manufacture of food contacting materials.
- Colorless and non-staining.
- 12-can case of 12 oz. aerosols.

Quantity Discounts E236	
Number of Cases	Price
1 - 5 Cases	\$88.10
6 - 24 Cases	\$80.17
25+ Cases	\$72.24
We accept blanket orders for monthly, quarterly or annual usage.	

# Paintable Mold Releases

## Rocket Release

### Part # E302

Stoner E302 Rocket Release is an extremely versatile release agent which is generally acceptable for applications where a food grade release is required. In many applications, Rocket Release is considered to be the most paintable release agent available when molding plastics and similar materials. Rocket Release allows molded parts to be painted, plated, hotstamped, adhesive bonded, labeled, or otherwise decorated in most applications. Provides a long lasting anti-stick film for fast, easy part removal from molds and multiple part releases per application. Improves molding efficiency in many processes including injection, vacuum form, and pour cast molding.

Economical - a light coating produces the best results.

### Paintable and Food Grade

#### Benefits & Specifications:

- The release agent in E302 meets FDA regulation 21 CFR 184.1400 as a agent in the manufacture of food contacting materials.
- Saves time by allowing molded parts to be removed quickly and easily from molds.
- Improves part appearance and reduces defects caused by sticking.
- Formulated to provide high levels of user and environmental safety.
- Contains no Class I or Class II ozone depleting substances.
- Contains no chlorofluorocarbon (CFC) or hydrochlorofluorocarbon (HCFC) propellants or solvents.
- Colorless and non-staining.
- 12-can case of 12 oz. aerosols.

Quantity Discounts E302	
Number of Cases	Price
1 - 5 Cases	\$60.20
6 - 24 Cases	\$54.78
25+ Cases	\$49.36

We accept blanket orders for monthly, quarterly or annual usage.

## Release & Paint

### Part # E313

Stoner E313 is specially formulated as a paintable release agent and anti-stick lubricant for molded materials such as plastics, rubber, waxes, and similar materials. Allows molded parts to be painted, plated, hotstamped, adhesive bonded, labeled, or otherwise decorated. Provides a long lasting anti-stick film for fast, easy part removal from molds and multiple part releases per application. Improves molding efficiency in many processes including injection, compression, transfer, vacuum form, pour cast, die cast, and extrusion molding. Economical - a light coating produces the best results.

**Paintable  
and  
UL Recognized**

#### Benefits & Specifications:

- Saves time by allowing molded parts to be removed quickly and easily from molds.
- Allows molded parts to be painted, hotstamped, or otherwise decorated.
- Improves part appearance and reduces defects caused by sticking.
- Formulated to provide high levels of user and environmental safety.
- Contains no Class I or Class II ozone depleting substances.
- Contains no chlorofluorocarbon (CFC) or hydrochlorofluorocarbon (HCFC) propellants or solvents.
- Contains no chlorinated solvents such as 1,1,1 trichloroethane or methylene chloride.
- Colorless and non-staining.
- UL Recognized.
- 12-can case of 12 oz. aerosols.

Quantity Discounts E313	
Number of Cases	Price
1 - 5 Cases	\$63.30
6 - 24 Cases	\$57.60
25+ Cases	\$51.91

We accept blanket orders for monthly, quarterly or annual usage.

# Paintable Mold Releases

## Heavy Duty Release & Paint

### Part # E317

Stoner E317 is specially formulated as a paintable release agent and anti-stick lubricant for molded materials such as plastics, rubber, waxes, and similar materials. Allows molded parts to be painted, plated, hotstamped, adhesive bonded, labeled, or otherwise decorated. Provides a long lasting, heavy duty anti-stick film for fast, easy part removal from molds and multiple part releases per application. Improves molding efficiency in many processes including injection, compression, transfer, vacuum form, pour cast, die cast, and extrusion molding. Economical - a light coating produces the best results.

*For  
Stubborn Part  
Removal*

### Benefits & Specifications:

- Saves time by allowing molded parts to be removed quickly and easily from molds.
- Allows molded parts to be painted, hotstamped, or otherwise decorated.
- Improves part appearance and reduces defects caused by sticking.
- Formulated to provide high levels of user and environmental safety.
- Contains no Class I or Class II ozone depleting substances.
- Contains no chlorofluorocarbon (CFC) or hydrochlorofluorocarbon (HCFC) propellants or solvents.
- Contains no chlorinated solvents such as 1,1,1 trichloroethane or methylene chloride.
- Colorless and non-staining.
- 12-can case of 12 oz. aerosols.

Quantity Discounts E317	
Number of Cases	Price
1 - 5 Cases	\$70.50
6 - 24 Cases	\$64.16
25+ Cases	\$57.81
We accept blanket orders for monthly, quarterly or annual usage.	

## Zero Stick Paintable Mold Release

### Part # E342

Stoner E342 Zero Stick Paintable Mold Release, is a unique, extremely versatile release agent which is generally acceptable for applications where food grade release is required. Zero Stick allows molded parts to be painted, plated, hotstamped, adhesive bonded, labeled or otherwise decorated in most applications. Zero Stick provides a long lasting anti-stick film for fast, easy part removal from molds and multiple part releases per application. Improves efficiency in many processes including injection, vacuum form, and pour cast molding. Economical - a light coating produces the best results.

*Paintable, Food Grade  
and  
UL Recognized*

### Benefits & Specifications:

- The release agent in Zero Stick meets FDA regulation 21 CFR 184.1400, as an agent in the manufacture of food contacting materials.
- Saves time by allowing molded parts to be removed quickly and easily from molds.
- Improves part appearance and reduces defects caused by sticking.
- Formulated to provide high levels of user and environmental safety.
- Contains no Class I or Class II ozone depleting substances.
- Contains no chlorofluorocarbon (CFC) or hydrochlorofluorocarbon (HCFC) propellants or solvents.
- Colorless and non-staining.
- Contains no chlorinated solvents such as 1,1,1 trichloroethane or methylene chloride.
- 12-can case of 12 oz. aerosols.

Quantity Discounts E342	
Number of Cases	Price
1 - 5 Cases	\$79.24
6 - 24 Cases	\$72.11
25+ Cases	\$64.98
We accept blanket orders for monthly, quarterly or annual usage.	

## CUT Cleaner & Degreaser

Part # 93234

CUT is a powerful fast acting, non-chlorinated, non-CFC, precision cleaner and degreaser. CUT was developed as an alternative to chlorinated solvents for precision cleaning. Removes grease, oils, waxes, inks, tars and silicone oils from tools, equipment, molds, metal parts and more.

Dissolves and flushes away most release agents from metal molds. Always test before using on plastics or solvent sensitive materials.

Cleans and prepares molds prior to application of rust preventives.

Contains no chlorinated solvents such as 1,1,1 trichloroethane, or methylene chloride.

Contains no Class I (CFC) or Class II (HCFC) ozone depleting substances. CUT contains powerful cleaning agents to remove grease, oil, carbon deposits, tar, gum, dirt, wax, ink, silicones, adhesives and more.

Evaporates quickly. Dries fast and leaves no residue. Will not harm metals and other solvent resistant materials. Always test before using.

Removes finger marks and displaces moisture. For high temperature use or applications requiring a non-flammable cleaner, try Stoner A497 Cleaner & Degreaser.

12-can case of 12 oz. aerosols.

Quantity Discounts CUT #93234	
Number of Cases	Price
1 - 5 Cases	\$37.25
6 - 24 Cases	\$33.90
25+ Cases	\$30.55

We accept blanket orders for monthly, quarterly or annual usage.

## OUT - Silicone Mold Release

Part # A206

Stoner A206 is specially formulated as a food grade release agent and anti-stick lubricant for molded materials such as plastics, rubber, waxes, and similar materials. Provides fast, easy part removal from molds and multiple part releases per application. Improves molding efficiency in many processes including injection, compression, transfer, vacuum form, pour cast, die cast, and extrusion molding. Economical - a light coating produces the best results.

*Specially Formulated Food Grade Silicone Release*

### Benefits & Specifications:

- Saves time by allowing molded parts to be removed quickly and easily from molds.
- Improves part appearance and reduces defects caused by sticking.
- Formulated for maximum performance and economy.
- Contains no Class I or Class II ozone depleting substances.
- Contains no chlorofluorocarbon (CFC) or hydrochlorofluorocarbon (HCFC) propellants or solvents such as HCFC 141b or HCFC 142b.
- Contains no chlorinated solvents such as 1,1,1 trichloroethane or methylene chloride.
- The silicone in A206 meets FDA regulation 21 CFR 181.28 as a release agent in the manufacture of food contacting materials.
- Colorless and non-staining.
- 12-can case of 12 oz. aerosols.

Quantity Discounts A206	
Number of Cases	Price
1 - 5 Cases	\$36.60
6 - 24 Cases	\$33.31
25+ Cases	\$30.01

We accept blanket orders for monthly, quarterly or annual usage.

# Economy Mold Releases

## OUT - Food Grade & Paintable Release

### Part # A302

Stoner OUT A302 is an extremely versatile release agent which is generally acceptable for applications where a food grade release is required. In many applications, A302 is considered to be the "most paintable" release agent available when molding plastics and similar materials. Stoner A302 allows molded parts to be painted, plated, hotstamped, adhesive bonded, labeled, or otherwise decorated in most applications. Provides a long lasting anti-stick film for fast, easy part removal from molds and multiple part releases per application. Improves molding efficiency in many processes including injection, vacuum form, and pour cast molding. Economical - a light coating produces the best results.

### Benefits & Specifications:

- Allows molded parts to be painted, plated, hotstamped or otherwise decorated.
- Improves part appearance and reduces defects caused by sticking.
- Formulated for maximum performance and economy.
- Contains no Class I or Class II ozone depleting substances.
- Contains no chlorofluorocarbon (CFC) or hydrochlorofluorocarbon (HCFC) propellants or solvents such as HCFC 141b or HCFC 142b.
- Contains no chlorinated solvents such as 1,1,1 trichloroethane or methylene chloride.
- Colorless and non-staining.
- 12-can case of 12 oz. aerosols.

Quantity Discounts A302	
Number of Cases	Price
1 - 5 Cases	\$36.60
6 - 24 Cases	\$33.31
25+ Cases	\$30.01
We accept blanket orders for monthly, quarterly or annual usage.	

## OUT - Dry Film Mold Release

### Part # A313

Stoner A313 is specially formulated as a food grade release agent and anti-stick lubricant for molded materials such as plastics, rubber, waxes, and similar materials. Allows molded parts to be painted, plated, hotstamped, adhesive bonded, labeled, or otherwise decorated. Provides fast, easy part removal from molds and multiple part releases per application. Improves molding efficiency in many processes including injection, compression, transfer, vacuum form, pour cast, die cast, and extrusion molding. Economical - a light coating produces the best results.

*Paintable  
and  
Highly Versatile*

### Benefits & Specifications:

- Saves time by allowing molded parts to be removed quickly and easily from molds.
- Formulated for maximum performance and economy.
- Improves part appearance and reduces defects caused by sticking.
- Contains no Class I or Class II ozone depleting substances.
- Contains no chlorofluorocarbon (CFC) or hydrochlorofluorocarbon (HCFC) propellants or solvents such as HCFC 141b or HCFC 142b.
- Contains no chlorinated solvents such as 1,1,1 trichloroethane or methylene chloride.
- Colorless and non-staining.
- 12-can case of 12 oz. aerosols.

Quantity Discounts A313	
Number of Cases	Price
1 - 5 Cases	\$36.60
6 - 24 Cases	\$33.31
25+ Cases	\$30.01
We accept blanket orders for monthly, quarterly or annual usage.
